

DENTAL DIRECT DATABASE

If you live in the area covered by Cumbria PCT and wish your details to be placed on the dental direct database for allocation to an NHS dentist, please complete the form below. **It is important that you complete ALL sections of the form, otherwise this may delay your registration on the Dental Database and make future contact with you more difficult.** Please enter each individual's details who you would like to be registered with an NHS dentist.

You will receive a card from us confirming entry of your details onto the database, and you will be contacted again when there are places available at a NHS dentist in your stated area of preference. **Please note that we are unable to register you on the database if you are NOT a resident in Cumbria, and you should make enquires to your local PCT or health board.**

For advice on an **urgent** dental problem ring 01228 603900 if you are in North Cumbria, or 01539 716822 if you are in South Cumbria.
